## Alumni Association, Student

The Student Alumni Association is located in the Craig Alumni Center. For those still enrolled as students in the spring, the Alumni Association sponsors both a senior send-off and an oozeball (mud volleyball) tournament. It also offers a credit card program for alumni which students are eligible for with a cosigner.

For more information contact: Ron Beck, Associate Director of Alumni Affairs; Craig Alumni Center: 745-4395.

## Career Advising

The Career Services Center is charged with an overall mission of conceptualizing, developing and delivering a wide variety of developmental services and programs designed to assist students enrolled at Western Kentucky University as they move toward the successful completion of their education and career objectives.

The center offers career advising, self assessment inventories, a career and employer resource library, and cooperative education/internships.

Additionally, the Career Services Center will provide computerized job matching, job vacancy information, and campus interviews once you have completed a placement file.

Students interested in enhancing their educations by gaining experience in their career fields before graduation should learn about cooperative education. This program allows students to combine academic course work with paid work experience related to their major field of study. The resources of business, industry and government are combined with those of the University, allowing the student to expand learning beyond the classroom into the real world setting of the work place.

For more information contact: Judy Owen, Director, Cravens Graduate Center, Room 216 or phone 745-2691.

- Institutional Work Program - Designed for students seeking financial aid, but who do not qualify for the Work-Study program.

## Dining Services & Marriott

Students are in for something new! Marriott Corp. has been contracted to operate Western's dining services.

Marriott is introducing a unique and innovative program that offers a combination of variety, flexibility, value and convenience. The new program features the **Marquis Club**.

In addition to traditional favorites, the Marquis Club has vegetarian entrees, soups, salads, a deli, "Pace Changer" bars, "Wellness & You" items, beverages, pastries and desserts - all in one restaurant. Plus, at the Marquis Club, it's all you can eat. The list of WKU restaurants includes: Subway, Unicorn Pizza and Pasta, Taco Bell, The Hilltopper Inn, Strutters Chicken, Pizza Hut and The Little Red Wagon.

Students will have two options available for meal plans. **Marquis Club Membership** allows students to pre-purchase meals for the entire semester. It is the most economical plan offered.

Super Card Dollars lets students deposit money in a "food account." Every time a purchase is made, the amount is deducted from the account. The plan is designed to be more economical than using cash.

# Academic Services

## Academic Advising

Freshman, sophomores and juniors who will enroll as full-time students are required to meet with an academic advisor prior to registering for class. The academic adviser is to assist students in the selection of courses that will provide appropriate preparation for their career objectives and assure timely completion of degree program requirements.

The advising system is structured to provide assistance for students who are undecided as well as those who have clearly defined academic career objectives. Students with a declared major are to work closely with an adviser from the academic department that administers that particular program of study. Advisers are provided by each of the undergraduate colleges to assist students who have not selected a particular major but expect to pursue a degree program in one of several areas of study administered by the college. Students who are generally undecided about their program of study are advised by personnel from the Academic Advising and Retention Center.

### Academic Advising & Retention Center Services

The Academic Advising and Retention Center is in Cherry Hall, Room 226. Students are invited to visit or call the center at 745-5065 for academic advising assistance.

**UNDECLARED STUDENT ADVISEMENT** - Students classified as generally undeclared work with an advisor in the center to select courses that will satisfy degree program requirements and help in the selection of a program of study.

**EVALUATION OF TRANSFER CREDITS** - As a service to students who transfer to Western, the Academic Advising and Retention Center provides evaluations of previously earned credits. The evaluations serve as official assignment of credits to General Education Requirements. Acceptance of transfer credits for a particular major or minor is subject to approval of the appropriate academic department.

**EVALUATION OF COURSE EQUIVALENCIES** - Western students occasionally enroll (usually during summer terms) in courses at other institutions. Prior to such enrollment, the student

should obtain written approval of course conversion. Approval for credits to be applied to General Education Requirements is provided by the Academic Advising and Retention Center. Approval for courses to be applied to a major, minor or certification program should be obtained from the appropriate academic department. Credit for a course in which a failing grade has been received can be earned only by repeating the course in residence unless prior approval is granted by the head of the department in which the course is offered.

**CHANGE OF MAJOR/MINOR/ADVISER** - Forms to be used to process changes in major(s), minor(s), and/or adviser(s) are available in the Academic Advising and Retention Center. Such changes may be routinely made by using the green Registration Pass that is completed at the time of registration. Using either method to update program data, the student should seek advising and program approval through the department of the academic program to be declared.

**ACADEMIC PROBATION** - The University Academic Probation Program is administered by the Academic Advising and Retention Center. The center notifies students of their probationary status and offers academic counseling for those who have earned a grade-point average less than that required for good standing.

**ATTENDANCE NOTIFICATION** - In case of emergency, when students find it will be necessary to miss regularly scheduled classes and are unable to contact their instructors, the Academic Advising and Retention Center provides the service of relaying notification to instructors. The center also notifies students of excessive absenteeism as reported by instructors.

**BACHELOR OF GENERAL STUDIES (BGS)** - The bachelor of general studies degree is administered through the Academic Advising and Retention Center. The general studies degree is not a major or minor, but rather a complete degree program that includes a broad area of emphasis of at least 36 semester hours.

For more information contact Dr. Kyle Wallace, Room 226, Cherry Hall. Phone: 745-5065.

Their main function is coordinate the overall effort of student government. The president serves as presiding officer over congress and in many other capacities related to student affairs. The president also serves as a Board of Regents member. The vice president for public affairs serves on the University Center Board. The administrative vice president coordinates the work of the various committees of student government. The secretary is responsible for maintaining accurate records of all student government activities. The treasurer is responsible for the financial affairs of student government.

The legislative branch includes all of the elected members of Congress. These members serve as a

resource for the various committees of the Student Government Association and participate in policy making through the congress. The judicial branch includes the Judicial Council of Associated Students.

Other responsibilities of the Panhellenic Association include the organization of developmental workshops, leadership training opportunities, the administration of the rush program and involvement in University and community service projects.

The Panhellenic Association is composed of 12 executive officers and a 22-member legislative body. The legislative body is composed of the voting delegate and the alternate delegate from each of the 11 sororities. Panhellenic meets bimonthly in Room 226, Downing University Center.

Sorority "rush" is a series of parties and sorority functions organized to help young women interested in joining sororities learn more about each sorority at Western and find the one which best suits their interests. Formal rush is held at the beginning of each fall semester. The first rush period involves the following sororities: Alpha Delta Pi, Alpha Gamma Delta, Alpha Xi Delta, Alpha Omicron Pi, Kappa Delta, Sigma Kappa, Phi Mu and Chi Omega. The second rush involves the following sororities: Alpha Kappa Alpha, Delta Sigma Theta and Zeta Phi Beta. This rush period continues throughout September.

Academic requirements differ for each sorority and students are advised to completely survey the requirements of the organizations that interest them.

Anyone needing further information concerning rush should contact the assistant for sorority affairs at the Downing University Center, 745-2459.

### Interfraternity Council (IFC)

The Interfraternity Council is the collective voice and representative of Western's fraternity system and is composed of one delegate from each of the 13 chapters on campus. The executive body consists of eight officers.

The IFC is primarily responsible for the promotion of the fraternity system as a collective group. The IFC sponsors a variety of events such as the Academic Awards Banquet, Greek Week and the Annual Christmas Party. These events allow the chapters an opportunity to work and socialize together. If and when the need arises, the council serves in a judicial capacity to resolve any disputes. The Interfraternity Council represents fraternity men of different affiliations working together to improve not only the Greek system, but college life as well.

By far the most important responsibility of the IFC is to administer fraternity rush. All men interested in learning more about fraternity membership should contact the IFC office in Room 325 of Downing University Center or the IFC adviser in Room 119. All men who are not first semester freshmen must have a 2.0 grade-point average to be eligible for rush. Each individual fraternity chapter promotes individual

## Registration

**Course Load** - The standard course load for an undergraduate student is 16-19 hours per semester. Twelve hours constitutes the minimum full-time load. Students who wish to enroll for 20-21 semester hours must have a cumulative GPA of 3.3 or above. The course load for a full-time graduate student is 9-15 hours.

**Registration Holds** - Students with outstanding obligations to the University will not be permitted to register until they have cleared the obligation with the appropriate office.

**Withdrawal From Classes** - Students who find it necessary to withdraw from a class or totally withdraw from the University should report to the Registrar's Office to initiate withdrawal procedures. Students who cease attending class(es) without an official withdrawal will receive failing grades. The date of the official withdrawal is the date the written notification is received in the Registrar's Office. Students should be aware of the course withdrawal, drop and add dates published in the

semester's calendar with each schedule bulletin.

**Drop/Add Procedures** - Schedule changes (drop/adds) may be necessary following a student's initial registration. Drop/add cards may be obtained from the Registrar's Office, and the date the completed drop/add card is received in that office is the official date of the change. Students should be aware that some academic departments have specific procedures for drop/add. Refer to the semester's calendar in the schedule bulletin for specific dates affecting day, evening/weekend, community college and bi-term changes.

•August 24- August 31 - Students may add a course or may drop a course without a grade. A fee of \$2 is charged for each schedule change. Instructor's signatures or departmental approval is required.

•September 1-October 20 - Students may withdraw from a course and will receive a "W" as a grade. A fee of \$2 is charged for each schedule change. Instructor's signature or departmental stamp is required.

**Repeating Courses** - An undergraduate student is permitted to repeat a maximum of 24 hours or 8 courses whichever comes first, in which a grade of D or F has been earned. An "Academic Average Correction Form" should be filed in the Registrar's Office at the time the student registers to repeat a course.

However, if tuition is paid with financial aid, the refund will go directly back to the Financial Aid Office. An official withdrawal presented to the Registrar's Office during the semester after classes began on August 24, 1992, will result in a refund of tuition as follows:

September 1 - September 18

75% of tuition refunded

September 21 - October 13

50% of tuition refunded

October 14 - November 2

25% of tuition refunded

## Student Complaint Procedure

The procedure for resolving a complaint concerning a faculty member is outlined in four steps below:

### Step 1 (Faculty Member)

The student should discuss the complaint with the faculty member involved. If the faculty member is no longer employed by the University, the student should go directly to the department head. If the complaint involves a grade, the student must take the complaint to the faculty member within the first two weeks of the first regular semester (fall/spring), following the assignment of the grade.

### Step 2 (Department Level)

If the student and faculty member are unable to resolve the complaint, the student may take the complaint to the faculty member's department

head. Written notification of the complaint must be given to the department head within two weeks after the meeting with the faculty member. Keeping a written record of the proceedings, the department head will arrange, conduct and mediate a conference with the student and faculty member in which neither will be allowed representation. The department head's suggested solution is to be considered a recommendation and is not binding.

### Step 3 (College Level)

Should the situation still be unresolved, the student must deliver written notification of the complaint to the college dean or his designated representative within two weeks after the conference with the department head. The dean shall provide to the student the procedural guidelines to be followed by the College Complaint Committee which sets up a conference with the student, faculty member and the committee. The committee will be responsible for scheduling the conference within two weeks following the submission of a written complaint to the chairman of the College Complaint Committee. The committee will hear both sides, neither or which will be allowed representation, and render a decision. The decision shall be sent in writing to the Vice President for Academic Affairs, with a copy being sent to the student, faculty member, faculty member's department head, and the faculty member's college dean. The Office of the Vice President for Academic Affairs shall be responsible for enforcing the committee's decision, but shall allow two weeks before enforcement to allow the student or faculty member to appeal the decision to the University Complaint Committee.

### Step 4 (University Level)

An appeal of the College Complaint Committee's decision is submitted to the University Complaint Committee chairman, with a copy to the Vice President for Academic Affairs, within two weeks of the decision. The chairman will provide the student and the faculty member with a copy of the University Complaint Committee's Procedural Guidelines. The University Complaint Committee will secure copies of the written proceeding from the department head and The College Complaint Committee. The University Complaint Committee will schedule a conference for the student and faculty member to discuss the issue, at which neither will be allowed representation. The committee's decision, which will be sent to the Vice President for Academic Affairs, with copies going to the student, faculty member, involved department head and college dean, will be enforced by the Office of the Vice President for Academic Affairs and is final.
